What we want for all of Kent's children – the Kent children and young people outcomes framework

What is the Local Area?

‘Local area partnership’ refers to those in education, health and care who are responsible for the strategic planning, commissioning, management, delivery and evaluation of arrangements for children and young people with SEND who live in a local area. A local area is the geographic footprint of a local authority. When evaluating the local area partnership, inspectors focus mainly on how effectively the local authority and integrated care board (ICB) jointly plan, evaluate and develop services for children and young people with SEND.
