Kooth Community Corner

Here's what some of our service users had to say about [Kooth](#):

'The team at Kooth is so helpful and always have been supportive with anything no matter how big or small. For someone who wants help but isn't ready to tell someone they know, it's a great option. Also Kooth doesn't need a referral and you can start using it straight away. I do wish there was more support places like Kooth.'

'I love this website, I can talk to both the Kooth team and also young people who might be able to relate. It has definitely helped me and I think it will help me in future. I recommend it 100%!!!'
